

# HiLine

Unique Flooring Solutions

To: Victoria Davis, Davis Depiction Media LLC

Victoria,

I want to thank you for all of the wonderful work you have done for HiLine Inc over the last couple of years. Our expectations were constantly exceeded with your work in social media, marketing, website and our general digital presence. The activity related to your efforts resulting in company growth through these mediums and was fun to watch and absolutely had an impact on sales and our customer base. We had many compliments from existing and new customers on your work including the visual appeal, the new letters, and the functionality of the webpage.

When Covid hit I am not sure what we would have done without you. You played a vital roll in helping the company to adjust to the unique challenges we faced and the ability to remain in contact with our customers.

We will be sure to reach out if in need of additional services in the future. All of us here at HiLine enjoyed working with you. If you ever need a reference it would be my pleasure to share what an asset you have been to our company. We were very lucky to have found you.

Best regards,

Terry Hermanson

President

HiLine Inc.
